

# SIX WINS FOR SCHOOLS WITH CLASSROOM.CLOUD

## Easy to use

Our customers tell us how much they love the ease of deployment with SIS integration and the use of the tool in supporting their delivery online.

## Ease of assessment

Our customers love the wide variety of simple low-stakes quizzing tools in the software, informing gaps in knowledge helping close the feedback loop.

## See your entire class

classroom.cloud enables you to see the screen of every child in your classroom, at the same time, lock their screen and gain focus straight away.

## Launch apps/websites

No more time being wasted waiting for learners to load an app or a website. With our software it's as easy as the click of a button.

## Geo-agnostic

If your learners are in your classroom, down the corridor, at home or any combination, classroom.cloud works wherever you're teaching and they're learning.

## Fab tech support

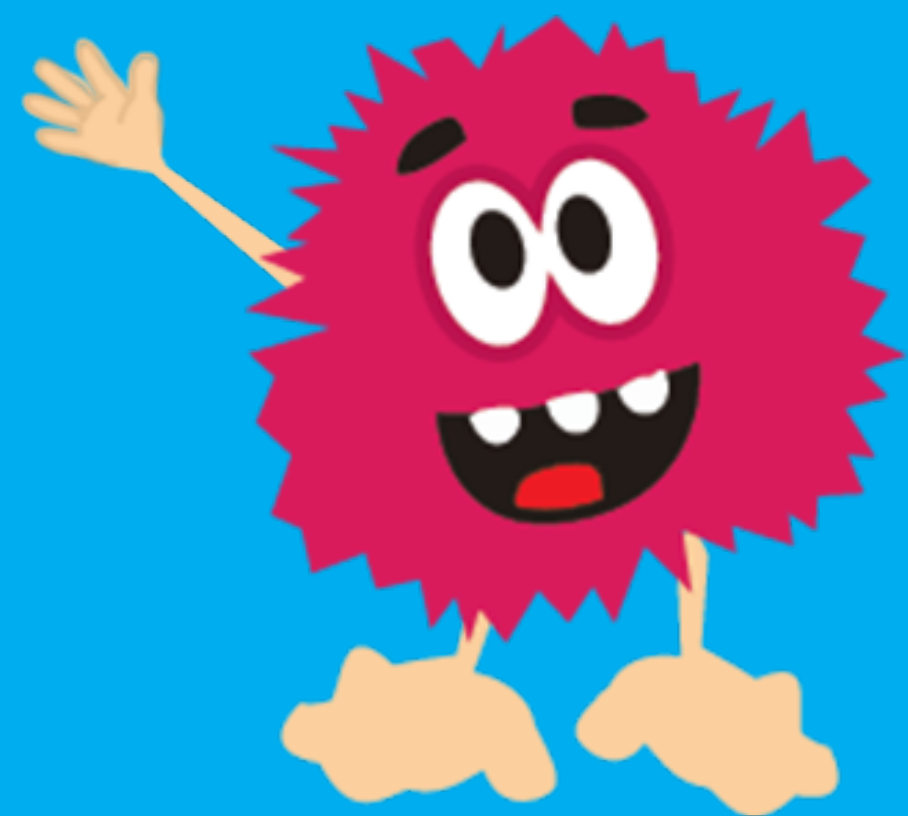

Our award-winning software comes with our top tech support too; a positive that our customers regularly comment upon.

### **Ben Whitaker, Head of IT Services at Bury Grammar School**

The transition to classroom.cloud has been seamless. It was quick to set-up, easy to use and the team has provided us with support the whole way through. Most importantly, it has been straightforward and clear to use for teachers, the feedback we have had from them has been that it is easily navigable and it just works really well. Choosing classroom.cloud was a no-brainer for us.
